

STATEMENT OF POLICY WITH RESPECT TO:

THE ENVIRONMENT

We are committed to implementing all reasonable measures to improve our environmental performance, conform with our compliance obligations and prevent any negative impact on the environment where we have control or influence.

As a Company we are committed to the protection of the environment, we shall endeavour to support the goals and objectives of Hargreaves Services plc Environmental Policy and ensure that our activities continually reflect these aspirations.

We have identified and communicated the potential environmental impacts of our operations and the methods of preventing, reducing and mitigating those impacts to continually improve our environmental performance.

Our most significant environmental aspects have been identified as:

- ◆ Emissions from vehicles
- ◆ Use of fuel
- ◆ Airborne dust
- ◆ Waste management
- ◆ Noise nuisance

We will set our objectives to reflect this commitment and formally review them to ensure compliance.

It is our intention to achieve our business aims whilst satisfying rising environmental standards and encourage the adoption of these principles in our employees, suppliers and contractors.

We will continually develop our environmental management system and ensure that all our employees are trained and competent to take such steps as are necessary.

Mark van Kalles
Managing Director – Asia
